What IS HMN?

HUMAN (HMN) is a revolutionary meme coin designed to embody the core values of humanity: unity, humor, resilience, and love. In a digital age driven by decentralization, HMN aims to bridge the gap between financial innovation and human connection, creating a community-driven cryptocurrency that celebrates what it means to be human. HMN celebrates the spark of humanity that no AI can replicate.

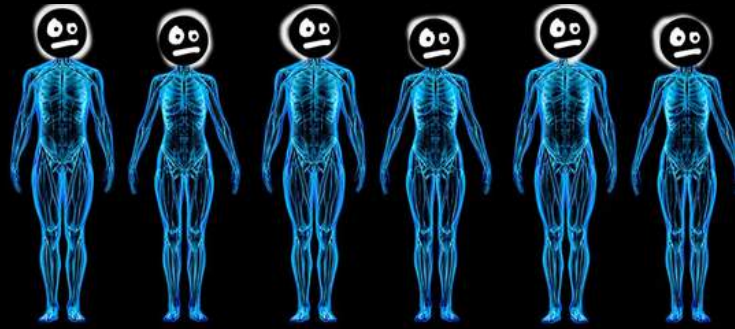

WE ARE HUMAN

Why BE HMN?

HMN is more than a meme coin—it's a movement. Here's why you should join the HMN revolution:

Inclusivity: HMN welcomes everyone, regardless of race, gender or financial status, to participate in the cryptocurrency space.

Humor with purpose: Memes are a universal language that brings people together. HMN uses humor as a tool to drive engagement and social impact.

Community-Driven: Decisions within the HMN ecosystem are guided by the community, ensuring a democratic decentralized future.

Accessible Entry point: HMN offers a low-barrier entry into crypto investing, making it ideal for newcomers and experienced traders alike.

Philanthropic Goals: HMN aims to contribute to humanitarian causes, leveraging the power of memes to make a meaningful impact in the real world.

A large crowd of diverse people, all wearing gold crowns and formal suits, looking towards the right. The scene is set against a city skyline. In the center of the crowd, a black circular meme character with a yellow crown and a neutral expression is superimposed.

WE ALL KING

when moon?
HUMAN did july 20, 1969

HUMAN spent 10,000 \$BTC
on pizza, WE did that and
no AI will ever know how
good it tasted!

HUMAN burns \$6,700,000,000
worth of \$SHIB tokens, we
already got real dogs who
needs a stupid token...

Let's face it—being human is pretty great. We've accomplished a lot of amazing things and done just as many stupid. We laugh, we love, we make mistakes, and most importantly, we learn. Unlike robots who are programmed, humans have the unique ability to create and evolve.

No bot will ever know how it feels to have sex.

No animal will ever program a computer that threatens to take over the world.

No AI will ever experience the warmth of a sunset.

BE HUMAN

HMNomics

HMNomics refers to the economic model behind HMN, ensuring sustainability, growth, and value for its holders.

HMN tokens are listed on a decentralized exchange (DEX) for Solana-based tokens called pump.fun. Pump ensures that all created tokens are safe to trade through a secure and battle-tested token launching system.

Fair-launch with no presale: No token reserves, no taxes, full abandonment of rights, tokens are directly circulated publicly.

Standard contract: Solana SPL contract, total supply of 1B tokens.

Pump's internal market, automatically prices along the bonding curve. Tokens can be traded at any time in the internal market, and the bonding curve ensures that as purchase volume increases, prices rise, thus providing liquidity

Total Supply: 1,000,000,000 HMN

Initial Price: 0.000000028 SOL

Once the bond curve progress reaches 100% (85 SOL) from the sale of 793M tokens it will automatically be listed on Raydium.

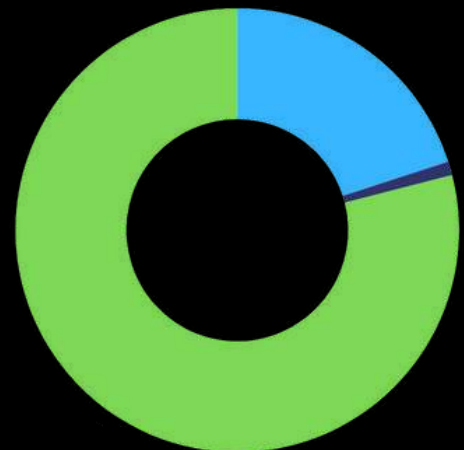

The price of each token when it goes online on Raydium is 0.00000041 SOL, which is 14.64 times the initial price.
